## ABOUT ME

Hi, I'm Harshvi Shah, a visual communicator based in Mumbai, currently studying in École Intuit Lab. I'm the middle child of my family having only a commerce background. My journey into design began only a few years ago, revealing to me an unexpected avenue for creative expression. Since then, I've developed a keen eye for detail and a knack for seeing things from unique perspectives. Beyond my meticulous approach, I bring a blend of creativity and problem-solving to my work, constantly pushing boundaries to craft compelling visual narratives.
