

KASHISH JAIN

Visual Communication and Design

Kashish Jain: Mumbai-based Visionary | Ecole Intuit Lab Student

I'm a passionate creative explorer with a fire for crafting standout visual experiences. Hailing from Mumbai, India, I'm currently honing my skills at Ecole Intuit Lab, pushing boundaries and exploring diverse creative avenues. From logos and typography to packaging and posters, I thrive on experimentation and creating truly unique designs. My ultimate goal? To land with a company that shares my values and vision, where I can continuously evolve my skills and contribute to impactful projects.

EXPERIENCE

- Quirky carrot Design Studio
May 2023 - August 2023
 - Managed social media strategies for 3 diverse brands, developing engaging content calendars and executing targeted campaigns to increase brand awareness and audience engagement.
 - Honed content creation skills, crafting compelling visuals, captions, and stories that resonated with target audiences.
 - Overcame initial client communication challenges by actively participating in meetings, confidently presenting ideas, and fostering stronger client relationships.
 - Progressively gained confidence by contributing to client discussions, leading to a deeper understanding of client needs and improved communication skills.
- Freelance Creative Entrepreneur
August 2020 - Jan 2022
 - Spearheaded the creation and operation of a successful freelance business specialising in personalised portraits and custom floating frames.
 - Conceptualised and designed all brand elements, from a unique logo that captured our creative essence to eye-catching packaging that elevated the customer experience.
 - Curated premium gift hampers featuring our products, offering a unique and cohesive gifting option for clients.
