- Ability to adapt and learn quickly, ensuring efficient task completion.
- Effective communication and teamwork skills.
- strong attention to detail and accuracy in management
- software known -

## SUMMARY

I am a B.Com graduate with a specialization in Business Laws and Practices, bringing strong analytical thinking and problem-solving skills into the world of design. Alongside my academic journey, I have grown as an artist and graphic design enthusiast, creating visual concepts and brand-led design solutions. I enjoy blending structure with creativity—translating ideas, insights, and intent into thoughtful, impactful designs that connect with audiences.
